

The full texts of the papers presented at the QI-2021 Conference should be prepared in pdf format and sent to the following address by the end of May:

ozhigov@cs.msu.ru

The review process is organized by the Conference Program Committee for the journal Nonlinear Phenomena in Complex Systems and will last from June to early August. Its result may be a recommendation to publish an article in one of the journals: Nonlinear Phenomena in Complex Systems, Computational mathematics and modeling, or Computational nanotechnology.

The manuscripts of the accepted papers should be prepared in accordance with the rules of the corresponding journals and sent to: ozhigov@cs.msu.ru until September 1, 2021.
